Bro. Leslie Elus
South Area Director

A Vision for Success

As the South Florida Area Director, my vision is to fortify the bonds of brotherhood amongst neighboring chapters and strengthen our fraternal brand recognition. To achieve this, I will work to support area chapters in becoming ambassadors of brotherly love, pillars of service, and institutions of social advocacy across South Florida. I desire to promote an agenda that will transform the South Area into an example that illustrates how collective vision and targeted action can transform the landscape of our communities.

There are several initiatives I plan to implement in hopes of fostering the collaborative spirit amongst South Area chapters. My first order of business is to ensure that the Assistant South Area Director position is filled by a college brother. This action is imperative to ensure that we remain rooted to the core values from which our fraternity was built upon, the support and uplift of college educated men of color. Given the size of our area, I have also created a leadership committee, representative of the demographic and multiple counties we serve. Through this action, we have identified area liaisons which will assist me in keeping the pulse of activities throughout Miami-Dade, Broward, Palm Beach, and St. Lucie Counties. The liaisons are seasoned brothers, most familiar with the political, social, and fraternity activities within their respective counties.

In conjunction with the duly named South Area Council of Presidents, I hope to maintain an open dialogue stream with chapter presidents by email and Zoom formats. I will also actively work to support college chapter expansion and chartering at universities who have expressed interest in having our fraternity's presence. As a result of these measures, my judgement on matters will better reflect the will and pleasure of the chapters in the area within the scope of our District strategic plan.

PRESIDENT'S MESSAGE

Brother Dr. George L. Lockhart
Chapter President, ΔΔΔ, '89

Esteemed Brothers,

In the second year of my presidency, I remain profoundly humbled and excited to serve as chapter president and pledge to continue my predecessors' remarkable legacy of leadership. I thank the Delta Delta Lambda Chapter (DDL) brothers for reposing special trust and confidence in me to lead us this year. One scripture I hold dear is 1 Corinthians 8:2;

"And if any man think that he knoweth any thing, he knoweth nothing yet as he ought to know. For the Lord gives wisdom; from his mouth come knowledge and understanding."

I was made an Alpha Man at DDL on December 1, 1989. Over three decades in Alphadom, reveals one fact. I know nothing. Thus reliance on the Lord to supply this chapter with the necessary items as fuel - is critical.

What I am learning is to be quiet, listen, and watch. These traits are most affordable in producing a sustainable chapter.

As its 20th president I am fortunate to adjoin to chapter brothers who have served as a pillar of excellence in Palm Beach County since our establishment on January 1, 1947. Since then, our impact on the community has been tremendous. Over the years, several distinguished Alpha brothers have called West Palm Beach, FL home, building a platform for success. We are poised to maintain its momentum.

As we head towards the end of the quarter, the vision for Delta Delta Lambda Chapter remains intact:

(1) **Financial Stability** – we continue to operate in the black. The financial well-being of the chapter is exceptionally healthy, with sufficient funds and plans to operate this business year.

(2) **Reclamation and Chapter Growth** - the chapter has significantly increased its membership since last year, including our new brothers of five neophytes (pleasantly involving themselves within the trenches). Yet, our work is not complete. We commit to the reclamation of every brother within the county and another line in the Fall.

(3) **Civic Engagement** – DDL is dutifully engaging on critical social justice and community issues, including active leadership in the voting process for 2022 elections, Youth programs (Men of Tomorrow), Health (prostate information), and Education - thru the start of a private school at our home base - the Judge Edward Rogers Center.

(4) **Alpha Foundation** – This office's current strategic plan is to support the foundation and execute a memorandum of understanding that solidifies the relationship between the chapter and one of the foundation's proper roles - youth support.

DDL is as busy as ever within the community, and I remain unconditionally committed to strengthening our bond of brotherhood and providing an impactation for advocacy.

"Blessings"

George L. Lockhart

Brother Dr. George L. Lockhart

Brother Michael Brown, Esquire
Chapter Vice-President, EA '16

Letter from the Vice President

Brothers,

The Constitution established the United States as a democratic republic. It is democratic because the people oversee themselves, and it is a republic because the government’s power is derived from its people. Basically, our government – local, federal, and local – is selected by the citizens.

Besides voting for officials, we also vote on issues affecting the community and (more importantly) those living and operating within the community.

Voting in an election and contacting our elected officials are two ways that voters can participate in our democracy.

More importantly, we need to empower our youth eligible to vote, to become active participants in process. Of the 1.5 million voters in Palm beach County Black voters comprise of 14% of the votes. It is inherent we get all eighteen year olds and above to execute their right (to vote) through education of the political system and who is running for what.

Our Political Action Committee (PAC) is ripe to descend into action towards this end. In layman terms the purpose of the PAC is raising and spending money to elect and rout candidates. PACs can give funding to a candidate per election (primary, general or special).

DDL has been out-front in procuring voting stations and individuals to work the stations all at a profit to the fraternity! With our bevy of lawyers and other professionals, we can make a difference in the community in several ways.

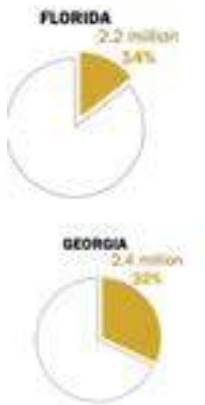

I am looking forward to it.

Respectfully,

Mike Brown

Sirs,

We have robust mechanisms with this Newsletter and the website. Let us take advantage of them.

I continue to ask each of you get communication to communicate with me on time (vs. the night before) for planning purposes for the organized brothers of the chapter. Also, please check the website's calendar and Groupme for events before calling.

Finally, if a new brother enters the area and would like to join DDL, please have them contact me so I may VET them (i.e., Alpha MX).

Fraternally,

Brother Jefferson Grant

Greetings,

As the treasurer, I am enthusiastic about being at the helm of one of the most significant financial surges in recent DDL history. Popcorn sales, new candidates' line, and a raffle were key to our current success.

Similar to last year, we are off to a great start again. Maximizing inflows and minimizing expenses.

But Fundraising is the key!

Replicating last year's fundraising events is a good idea. Also, new possibilities cannot hurt.

I have many ideas for this year and am ready to get started.

Thank you,

Brother Nicholas Young

Brothers,

Financially we are in good shape. However, we are looking to pay for close to fifteen scholarships with our Men of Tomorrow (MOT) High School seniors. Scholarships are quickly achieved by paying chapter dues and nixing fundraising solely for this effort.

Currently, thirteen thousand (\$13K) are ready to be received by dues.

I encourage all to become financially to help our Black young men have a chance to attend college/university as you did.

Placing fifteen (100%) of our MOT into college would fit our motto, 'Go to College, Go to Work.'

Respectfully,

Brother Alan Bottorff

Bro. Carver surprises Brother Lockhart in Tuskegee, AL

SENIOR SPOTLIGHT - Brother Isaac Robinson - Delta Delta Lambda '68

Isaac "Ike" Robinson, Jr is a retired teacher and a former city commissioner. Robinson, one of the driving forces behind a multi million dollar renovation and reopening of the Sunset, saw the Sunset during its glory days — and he dreamed of seeing that again.

Brother Isaac 'Ike' Robinson crossed the burning sands on December 22, 1968, closing in on fifty-four years of service. He has held several offices in DDL and served its president for fourteen years. He is a 1955 New Stanton High School graduate in Jacksonville, FL. He enrolled at FAMU in 1956 but soon opted for the U.S. Army, where he served a tour. He reentered FAMU and pledged Alpha Phi Omega (APO) in 1960 under Bro. Roosevelt Wilson, who was his Dean of Pledges. He finished FAMU in 1962 and was accepted into Law school.

Having no funding school, he received a teaching position in Palm Beach County, where he served the school system from 1962 – to 1992. Hi, my first stop was Roosevelt Senior High School under Bro. Britton G. Sayles (Principal). His next tour of duties included integrating Rivera Beach High (Suncoast CHS), JFK, and he finished his education career as an assistant principal at Roosevelt Junior High School under Bro. Joe Little (Principal). He retired in 1993 after thirty years of service. He served on the PB Police from 1993 – to 1998 as a police aid. In 1998 he ran and won the WPB Commissioner seat and held the position until 2015.

His influences were Brothers:

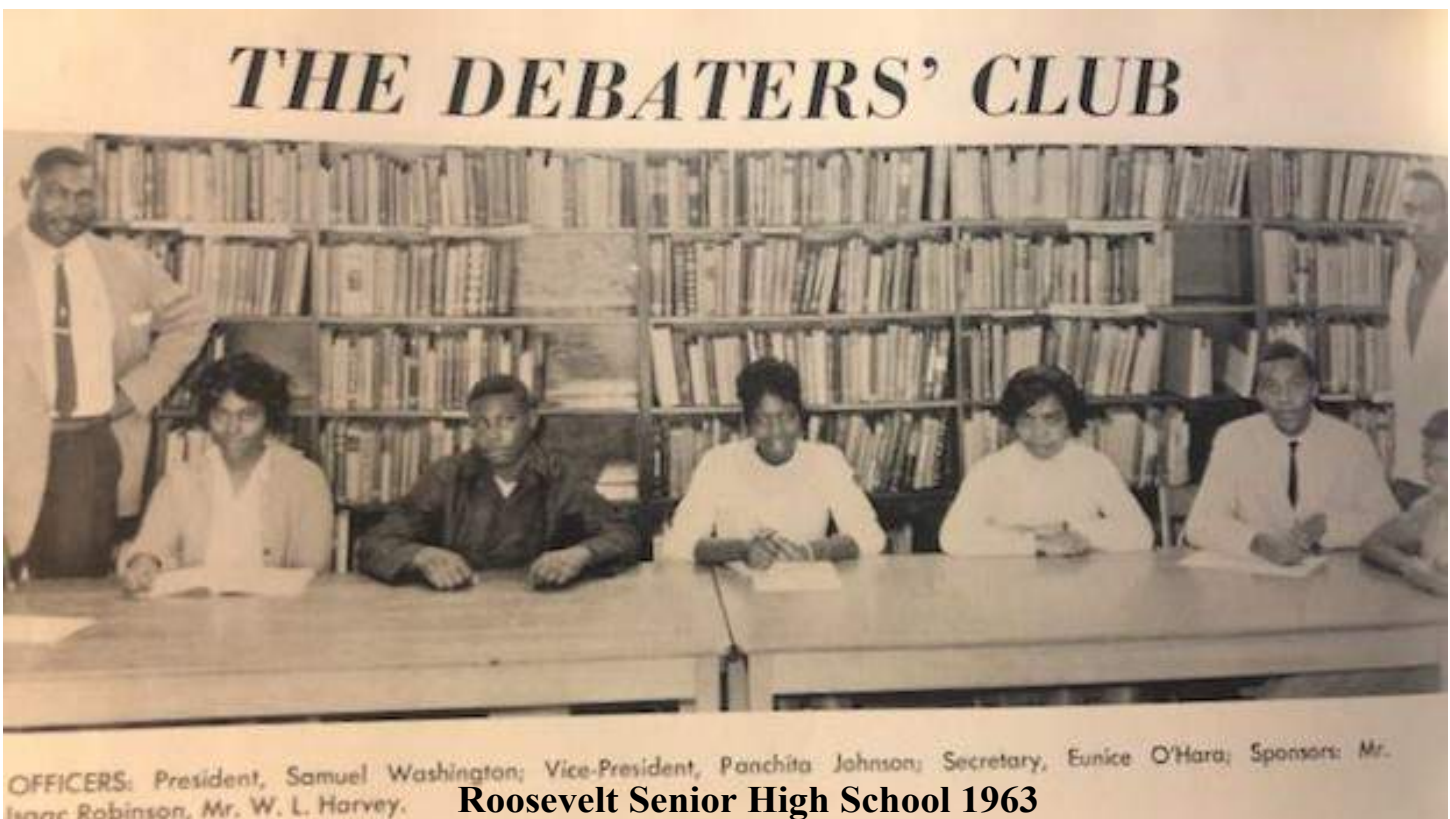

- Warren Hawkins,
- Al Sutton,
- Paul Williams,
- King
- David Jackson,
- Robert L. Smith (DDL founder),
- Roosevelt Wilson

"I played on a competitive softball team, and those boys recruited me to play for them. I said I am not an Alpha, and they said we will change that!" Bro Robinson noted, "I have been in Alpha so long that it is a part of me.

I would say to the young Alphas that an Alpha man is a natural leader."

L to R: Brother Isaac Robinson, Herbert Bridwell, Eddie Daniels, Willie Mays, Lydell Mitchell, and Sammie T. Marshall
